# THE NIDELKUCHEN, MURTEN CREAM CAKE

**Production**
**The distinctive feature of the Nidelkuchen is that at least five thin coats of cream are added to a light raised pastry base. The first three coats are lightly acidulated and sweetened and are added during the cooking. These form a fine coat of caramel, which softens when the last two coats of Gruyere double cream are added. A clever mixture that makes this tart a creamy delight that melts in the mouth.**

**Murten's famous "Cream Cake," is a delight to gourmets. In Murten's neighboring villages, take pleasure in sampling "Savory Cake," baked in the traditional village ovens; often enjoyed as an appetizer with a glass of Vully wine. Regional bakeries and confectionaries are ready to surprise you with the other sweet and savory delicacies, too. Let yourself be tempted!**
