

GASTRONOMY & WINE, VILLAGE DES CHARBONNIÈRES

VACHERIN MONT-D'OR FESTIVAL

The history of Vacherin Mont-d'Or AOP (Appellation d'Origine Protégée) is closely linked with that of the village Les Charbonnières in the Vallée de Joux which proudly celebrates this typical cheese every September with the Fête du Vacherin Mont-d'Or.

More than 4,000 people come to this local festival where they can enjoy the Désalpe (celebrating the return of the cows from the pastures to the plains), a local produce market, traditional entertainment and, above all, a chance to taste the first vacherin of the season.

Vacherin Mont-d'Or was awarded the AOP protected designation of origin in 2003. It is a soft cheese produced seasonally. It is always presented in its spruce box, which gives it a woody aroma. From September to April, gourmets like to eat it raw or baked.

On Saturday 21 September from 9:00 am onwards at Les Charbonnières, meet the producers and maturers of Mont-d'Or PDO as well as the craftsmen of the Vallée de Joux.
