COUPE DU CHASSERON, VTT

The Coupe du Chasseron returns for its 34th edition on Sunday June 2, 2024. A well-established event in the national mountain bike racing calendar, the Coupe du Chasseron is open to all, and offers several different routes. The route takes in rolling forest tracks typical of the Jura landscape.

The large course allows spectators to cheer on the riders on several occasions. The route is interesting and varied, with breathtaking views culminating in the Signal du Chasseron. As for the more popular riders, there's no need to worry about the altitude difference, as the route is accessible to all. Children will also be treated to a fun-filled mountain bike race.

Numerous refreshment stations will be set up along the route.

Prizes are awarded in person only.
