FREE GUIDED TOUR OF EXPO ELECTRO IN ST-IMIER

History and technology enthusiasts are invited to take advantage of two free guided tours of the EXPO ELECTRO in St-Imier on Saturday, May 18th. These tours are part of the open house days of the Espace découverte Energie.

Participants will have the opportunity to discover the history of electricity in the rooms of a historic power plant listed as a historical heritage site, which showcases nearly 500 objects. The two guided tours are scheduled for 10:30 am and 1:30 pm. No prior registration is required; simply show up on site.

As a bonus, each participant will receive a free ticket to take the funicular and visit the open house days of the Energy Discovery Space at Mont-Soleil, which will take place the same weekend from 10:00 am to 4:00 pm.

Join us on Saturday, May 18th, for an immersion into the world of electro-technology.
