

NATURE, ROMAINMÔTIER

ROSE FESTIVAL IN ROMAINMÔTIER

In Romainmôtier, garden lovers will find a beautiful diversity of different plants: tomatoes, basil, sage, lavender, honeysuckle, peonies or hostas, plants to embellish balconies and terraces in summer, rare shrubs ... to name but a handful.

Rose products, essential oils, gardening books, soaps or perfumed salts complete the tour of the plant world with thousands of scents and flavours on display.
