MAISON DU TOURISME - SWIN GOLF

"One sunny day, we set off on a Swin Golf course with no experience at all. After listening carefully to the advice of the young man who welcomed us and gave us our clubs, dad was so sure of himself, he wanted to demonstrate to the rest of the family... But hitting the ball isn't that easy... He took a big swing and hit nothing but air. The same thing happened to us all at times as we took on the nine holes. Our technique may have been a little haphazard, but we had a great afternoon."
