

WATCHES, LE NOIRMONT

INITIUM

Three different courses are offered :

Alpha : Introduction to watchmaking: Theoretical aspects of the functioning of a mechanical watch, assembling and disassembling of a movement.

Duration : 3h

Gamma : Create your own mechanical watch: Assemble your watch after the design has been defined from a wide selection of components.

Duration : a half day

Delta : Create your own mechanical watch: Disassemble and reassemble a movement, then build your own watch by choosing from a wide selection of components. Lunch with the watchmaker at the Relais Château Georges Wenger is included.

Duration : a day

PRICES

Prices per person	CHF 350.-
Alpha	CHF 2490.-
Gamma	CHF 2990.-
Gamma Automatique	CHF 2990.-
Delta	CHF 3490.-
Delta Automatique	

GOOD TO KNOW

- In addition to the instructions given by a professional watchmaker while assembling the watch, the courses at Initium also provide interesting information about the history of the regional watchmaking industry as well as theoretical knowledge about the functioning of a mechanical watch.
