

# LA PLAGE DES SIX POMPES

A large crowd of people is gathered in a city square at night for a festival. The scene is illuminated by warm streetlights and vibrant stage lighting. In the background, a large, ornate building with red brick and white trim is visible. A prominent feature is a large, blue, illuminated structure resembling a stylized flower or a modern sculpture, which serves as a focal point for the event. The crowd is diverse in age and is seen from behind, looking towards the brightly lit stage area.
