

ZOO, KERZERS

# PAPILIORAMA

Over 60 butterfly species from all over the world flutter around in this colourful tropical environment. As you walk through the Nocturama you may catch sight of nocturnal animals such as night monkeys, ocelots or anacondas. And to enable children (and adults) to have physical contact with the animals and not leave frustrated after simply observing tropical nature, the Papiliorama also provides a mini-zoo area where it is possible to stroke farm animals.

The Papiliorama is a state-approved Foundation whose vocation is to raise public awareness of the fate of tropical forests and biodiversity in general, by immersing the visitor into the very heart of its living exhibitions. A sister foundation of the Papiliorama (the ITCF) actually protects over 11'000 hectares (110 km<sup>2</sup>) of tropical nature in Belize in Central America.

**Nocturama opens at 10am all year around. Last admission one hour before closing time.**

**Open 363 days a year - only closed the 25th of December and the 1st of January.**

## PRICES

Guided tours between 75 and 90 minutes (entrance CHF 6.00 included)	CHF 120.-
School classes	CHF 120.-
