# ESCAPE ROOM - JEAN-MICHEL, STATION MASTER

In 1963, a mail train full of cash destined for France is stopped and robbed on the viaduct at St-Ursanne. When the police arrive on the scene, they find the place deserted. Since the station master has gone missing, the cops decide to search his apartment. Opening the door has triggered a timer, so the investigators find themselves in a tiny apartment with a bomb to defuse in 60 minutes.
