GRAPE HARVEST FESTIVAL

On the menu at the grape harvest festival, there will be bars, music, dancing and lots of fun for everyone.

The high point of these festivities is undoubtedly the colourful and noisy parade of floats through the village, featuring brass bands and "guggenmusik" groups. Once the procession is over, the local winemakers will perform the traditional first pressing of the grapes.

Your visit won't be completed without sampling a glass of the delicious grape must!
