LES SONNAILLES

On the site of Champbaillard, overlooking the famous abbey church of Romainmôtier and its medieval small town, "Les Sonnaillles" is an event imbued with authenticity. Each autumn it hosts some 15,000 visitors and over 80 exhibitors proudly displaying their production. The event provides a modern and dynamic impression of agriculture and local traditions. It offers the opportunity of admiring or acquiring some exceptional pieces and filling up on market garden products, or of discovering the expertise of first-class bakers, butchers and cheesemakers.
