ASTROVAL ASTRONOMICAL OBSERVATORY

AstroVal observatory gives everyone the opportunity to discover the beauty of the heavens thanks to quality observation equipment and the precious knowledge of the passionate guides. In order to guarantee a quality experience and a maximum amount of observation time, groups are limited to 15 persons. Two types of visits are offered to the general public:
- Mid-day observation of the sun
- Night-time observations in the evening

Special offers are available for groups such as company events, schools and other organizations. For all reservations, contact the AstroVal organization.

GOOD TO KNOW

- Discounts available with your ValPass guest card
- Parking provided in front of the observatory
