RAIL, SAIGNELÉGIER

CHEMINS DE FER DU JURA

The Chemins de fer du Jura (CJ) network mainly serves the plateau of the Franches-Montagnes and the Porrentruy - Bonfol line in Ajoie. Porrentruy, Glovelier, Tavannes and La Chaux-de-Fonds are the stations offering access to the CJ network. With 74 kilometres of narrow-gauge track in the Franches-Montagnes and the Bernese Jura, the CJ railways open up vast recreational areas to hikers, cyclists and, in winter, cross-country skiers.

GOOD TO KNOW

- "Belle Epoque" train, steam train, "Train hold-up": many packages have been developed for groups. See the company's website for information.
- Bikes, E-bikes, scooters and snowshoes are available for hire at the main stations.
