WINES, LA NEUVEVILLE

WINEMAKER AUBERSON & FILS

In the vineyards of Lake Biel, more than 40 grape varieties have found their home. The contrast between the blue of the lake and the green of the vineyards offers a pleasant view to the visitors who stroll along the lake. Michel and Claude Auberson run a wine estate with a long family tradition. The winery, created in 1954 by Jules Auberson, is located in the heart of the Lake Biel vineyards in the medieval town of La Neuveville. In a warm atmosphere, it is possible to visit the property and to discover the great vintages of these winegrowers with a tasting of their wines.

GOOD TO KNOW

- The Auberson family offers tours, aperitifs and wine-tasting, with only typical foods and wines from the vineyard
