

ACTIVITÉ AQUATIQUE, ERLACH

STAND UP PADDLING

If you have never stood on an SUP (stand up paddle board), do not worry – the beginner courses for all age groups offer the ideal start so that you can experience an easy and fun introduction. How about a leisurely stroll at the lake, a full-body workout, or an island tour with a picnic in your backpack?

Yoga enthusiasts can take up a new challenge and swap their mat for a board. The SUP yoga courses are also suitable for beginners.

The SUP station in Erlach also provides the ideal infrastructure for supporting programmes or a team event. Team spirit is called for on the BIGboard.

In addition, there are around 20 different boards at the SUP station, which can be tested before purchasing.
